# NATURAL RUBBER

Made of 100% Natural Rubber, the WUNDERball bounces higher and rolls farther than its synthetic counterpart and contains superior elastic properties. Along with the vibrant colors, the durability far exceeds the longevity of synthetic toys.

## CLEANS TEETH!

More than just a “ball”, The WUNDERball actually cleans your dogs’ teeth. The natural rubber combined with the density of the design actively promotes healthier

teeth and gums. When fido bites into the ball, their teeth puncture the rubber, and when released, the natural rubbers

self-healing characteristics surround the teeth and gently remove plaque and tarter.

Made here in North America, our Patented proprietary process makes the WUNDERball incredibly durable -and virtually indestructible.

We Guarantee It!

## AMAZING IMPULSE PURCHASE!

The WUNDERball's unique shapes and bright colors make them irresistible for dogs and kids love them too! They come in 5 colors - Hot Pink, Neon Green, Fluorescent Orange, Purple and the newest addition is the "Swirl", a combination of all our colors.

# MADE BY HAND

The WUNDERballs are 100% MADE by Hand - just like a snow ball. Our proprietary process creates such a dense product resulting in a fetch toy that is incredibly strong. Since they are made by hand, every ball truly is unique and one of a kind. The colorants and materials used are 100% safe for your pup and the planet.

# SUSTAINABLE

WUNDERball is made from the excess rubber from our “Award Winning” no pull leashes - the WACKYwalk’r. Using our excess material allows us to reduce our carbon footprint and do our part as a more eco-friendly, product sustainable company.
